WHAT IS CONSCIOUS MINDS CAMP?

A 5-7 day overnight camp. A healing and educational experience among the trees and the stars.

The purpose of Conscious Minds Camp is to provide a caring space for young people to come together in the face of socio-ecological crises.

We imagine, plan for, and practice the world we want to live in.

CMC is for young people 13-30 from diverse backgrounds and experiences across Ontario.

HOPE

With so many current and impending crises, young people need to connect with a sense of hope and possibility.

HEALING

Many of our campers carry trauma. Camp is healing through meaningful conversations, multi-traditional ceremony and caring Elders.

NATURE

Increases physical, mental, spiritual, and emotional well-being.

Camp is a joyful family of care, support, and lifelong friends.
